

Modular Riser Setup

These are just a few different combinations of our risers to give you an idea of how they can be put together to accommodate the rows of seating you have. There are many other combinations that can be achieved through these modular risers thus making them very flexible.

One 50" x 70" riser & One 50" x 70" will fit together to become a 100" x 70" riser.

One 60" x 70" riser & One 68" x 70" will fit together to become a 128" x 70" riser.
