### FEATURES

- Lean back to the future in the Galactica, a new visionary motion group. Bucket seats with perforated panels reflect luxury automotive design, providing the ultimate ride with a power headrest and power chaise recliner. The sofa is fully decked with cooling cup holders, storage arms, massage and heat option in the lower back, adjustable reading lights and a real granite drop down table.
- Need more seating? The whole family can enjoy when you add the power reclining loveseat (both headrest and footrest) with storage console, storage arms, cooling cup holders and the innovative corner wedge to create a "super sectional"!
- The matching recliner is also outfitted with power headrest and power chaise recline, cooling cup holders, storage arms and a heat and massage option in the lower back -- a great addition as a favorite chair or in your home theater area.
- The Galactica is covered in durable bonded leather with vinyl on the sides and back. All pieces are available in colors dark brown, midnight black and vanilla cream.
